OFFICE OF STATE LAND (OSL): You may choose up to three (3) properties from the table below. Maps for these properties will be mailed with your CNCP participation card. If you have any questions regarding the list of properties, please call Jennifer 337-735-8674. If you have questions about prohibited activities on state lands, call OSL at 225-342-4578. You may view overview maps of these properties at nutria.com/site11.

The OSL maps for the CNCP have been modified to clarify the state land properties eligible for harvesting nutria through the CNCP. Maps obtained directly from the Office of State Lands this year or in prior years may incorrectly indicate eligible CNCP areas and should not be used. The harvest of nutria outside of the areas indicated on the included maps may result in a class 2 violation and potential disqualification from the program.

Please remember that participants may use public waterways cutting through private property to access eligible lands, but participants are not allowed to harvest nutria along waterways unless they have permission to harvest nutria from the adjacent lands. Please observe and obey all posted properties and waterways.

I HEREBY AGREE THAT I WILL FOLLOW ALL RULES AND REGULATIONS PERTAINING TO THE PUBLIC AND/OR PRIVATE PROPERTIES I HARVEST AND WILL ABIDE BY THE FOLLOWING:

- All 2019-2020 Louisiana trapping and Coastwide Nutria Control Program (CNCP) rules and regulations will be strictly adhered to.

- Participation in the CNCP is a privilege that can be rescinded at any time. Violation of any WMA or refuge rules/regulations, any other fish and wildlife laws, or failure to comply with the stipulations in this Agreement may result in cancellation of the participant’s CNCP privileges. Additionally, LDWF has the right to temporarily suspend CNCP privileges if the participant has a pending violation. LDWF has the right to revoke privileges due to excessively rude or harassing behavior towards LDWF or its contractors.

- Participation in the CNCP requires a valid Louisiana trapping license and submission of a completed CNCP application to the department. Applications determined to be incomplete will be alerted via phone, email, and/or letter that registration could not be finalized. For applications determined to be complete and valid, the participant will be notified by mail that his registration is finalized and a CNCP registration card will be issued.

- The participant must indicate in the application if one or more assistants will aid harvest or deliver tails on his behalf to the collection station.

- Applications submitted to LDWF by October 1 will be processed by the opening of the trapping season. Applications submitted after October 1 will be processed in the order received.

- Applications listing only water bodies, without signature of an adjacent landowner or designated representative, will be considered incomplete.

- Only nutria harvested during the open trapping season, from coastal Louisiana (south of Interstate 10 from the Louisiana-Texas line to Baton Rouge, I-12 from Baton Rouge to Slidell, and I-10 from Slidell to the Louisiana-Mississippi line) and taken from property permitted can be included in this program.

- Nutria may be taken by trap, rifle, or shotgun. If using a shotgun, only steel shot no larger than F-steel may be used. Nutria may not be harvested from water bodies if participant does not have permission to harvest from land adjacent to water bodies.
• During gun deer season on public lands, anyone taking nutria must display 400 square inches of “Hunter Orange” or “Blaze Pink” and wear a “Hunter Orange” or “Blaze Pink” cap or hat.

• Participants must dispose of nutria carcasses in a manner to prevent consumption by birds
  o If leaving nutria carcass in waterways must cut open the belly so carcass sinks
  o Bury or place carcasses in heavy overhead vegetation so completely hidden
  o Remove carcass from the trapping/hunting area if being sold whole for fur or meat or donated to CNCP for LSU research – Contact CNCP at 337-735-8674 for list of fur/meat dealers

• Participants and assistants must carry their CNCP registration card when harvesting nutria for the CNCP and when delivering nutria tails to collection stations. Participants will receive by mail with their CNCP registration card a schedule of locations, dates, and times for tail collections. It is the responsibility of the participants to turn in tails to the collection station during the hours listed on the schedule.

• Only well-preserved nutria tails (iced, frozen, or well-salted) greater than 7 inches in length will be accepted. Nutria tails must be preserved in a manner that allows counting individual tails (cannot be frozen together in a block).

• All nutria tails in possession must be delivered by the participant or assistant by the last day of collection for the 2019-2020 season. Possession of detached nutria tails outside of the CNCP season, even if the nutria were harvested during the season, is a violation of CNCP rules.

• Participants will sign the receipt/voucher provided at the collection station to acknowledge the number of tails presented and accuracy of information provided. Checks will be mailed to the address we have on file and under no circumstances will participants be allowed to pick up checks from LDWF or its contractor.

• Nighttime (one-half hour after official sunset to one-half hour before official sunrise) hunting on private land from November 20 to the last day of February is allowed with a permit. Permit must be obtained through your regional LDWF Enforcement Office. Permit holders must carry written permission from landowner while hunting and must notify their regional Enforcement Office 24-hours prior to night hunting.

• Nighttime (one-half hour after official sunset to one-half hour before official sunrise) hunting on private land during the month of March is allowed without a permit. Participant must carry written permission from landowner while hunting and must notify the sheriff’s office of the parish where harvesting 24-hours prior to night hunting.

• No LDWF employee may participate in the CNCP. By signing below, you certify that you are not an employee of LDWF.

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on the “Name” line to avoid backup withholding. For individuals, this is your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I Instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see How to get a TIN on page 3.

Note. If the account is in more than one name, see the chart on page 4 for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me), and

2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding, and

For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 5.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. The IRS has created a page on IRS.gov for information about Form W-9, at www.irs.gov/w9. Information about any future developments affecting Form W-9 (such as legislation enacted after we release it) will be posted on that page.

Purpose of Form

A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, payments made to you in settlement of payment card and third party network transactions, real estate transactions, mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, or contributions made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),

2. Certify that you are not subject to backup withholding, or

3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners’ share of effectively connected income, and

4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct.

Note. If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester’s form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

• An individual who is a U.S. citizen or U.S. resident alien,

• A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,

• An estate (other than a foreign estate), or

• A domestic trust (as defined in Regulations section 31.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax under section 1446 on any foreign partners’ share of effectively connected taxable income from such business. Further, in certain cases where a Form W-9 has not been received, the rules under section 1446 require a partnership to presume that a partner is a foreign person, and pay the section 1446 withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid section 1446 withholding on your share of partnership income.
